A COMPROMISE.

Legislation May Take

That Form.

Senator Vest's Measure Provid-

ing Free Coinage

Jumbled Up With the

Repeal Bill.

Appointment of Committees by

Speaker Crisp.

Representative Bland Retains His Old Posi-

tion; Mr. Springer Loses the Ways

and Means—A Midwinter

Fair Bill.

By Telegraph to The Times.

WASHINGTON, Aug. 21.—(By the

Associated Press.) The impression

is growing about the Capitol that

the present extraordinary session

of Congress may come to an end about

the middle of September. This ap-

pears to be based upon confidence in

the possibilities of a compromise being

entered into within that period upon

the financial question. Nearly all of

the important legislation accomplished

in recent years has been the result of

a compromise, and the outcome of con-

ference committees.

Those persons who hold to the op-

inion that adjournment is possible next

month, say that Senator Vest's propo-

sition to provide for the free coinage

of silver at a ratio of 20 to 1 will be

passed by the Senate, and ultimately

become a part of the bill for uncondi-

tional repeal, which is expected to

be passed by the House.

The likelihood of the veto by Pres-

ident Cleveland of such a measure has

been discounted by the believers in the

reported early adjournment. They

argue that it would be impossible to

ally a two-thirds vote in either house

to pass it over his veto, and that

nothing could be accomplished as far

as the financial situation is concerned

by Congress remaining in session after

such a veto has been received. More

experienced watchers of political events

place no confidence in these early ad-

justment theories.

Interest in the financial discussion

in the House was dwarfed today in the

greater interest everyone felt in the

announcement of the standing com-

mittees by Speaker Crisp. No one was

prepared for the radical changes made

in the personnel of some important

committees. Representative Springer

of Illinois gives way to Representa-

tive Wilson of West Virginia, as chair-

man of the Ways and Means Commit-

tee, and the Illinois seat is made chair-

man of the Committee on Banking and

Currency.

Representative Holman of Indiana,

the venerable "watch dog of the treas-

ury," is deposed from the Committee

on Appropriations, in favor of Repre-

sentative Sawyer of Texas, and is given

the head of the Committee of Indian

Affairs. Representative Bland of Mis-

souri is retained at the head of the

Committee on Coinage, but the free

coinage people are disappointed in the

committee being changed so as to

leave much doubt whether they are not

in a minority, and whether the finan-

cial policy of the administration may

not find a majority in the committee.

Congressman Tracey of New York,

who is the administration man, and is

second on the committee, claims the

Speaker deferred to the repealing ele-

ment to such an extent as to make

the committee "mildly free coinage,"

instead of "radically free coinage,"

and insists on counting Representative Kil-

gold. The treasury should be relieved

from the embarrassment of furnishing

gold to pay for silver bullion. The

substitute which the silver mine owners

demand for the repeal of the pur-

chasing clause, he said, is the chance

measure most feared by the country,

as it would bring with it a silver

standard.

International agreement was the

best hope of the permanent resuscita-

tion of silver, and after proper national

action here could be made the chance

of resuscitation will be greatly multi-

plied. Other nations will have equal

if not greater responsibility. It may

be called a better remedy to stop pur-

chasing silver, but without it the case

is hopeless. In all the world, we are

now the only purchaser of silver. To

cease from purchasing might tempo-

rarily cheapen its price, but to open

our mints to free coinage would per-

manently cheapen its value, as its

silver accumulation in our hands has

already sufficiently Burke, "A wise

and salutary neglect" is the highest

service that could now be rendered to

silver. The crucial test is whether we

are not to drop bimetallic stand-

ard.

At the close of Senator Morrill's

speech, Senator Voorhees presented

the letter addressed to him by the

Secretary of the Treasury, showing the

probable cost of coining silver at a

changed ratio, and had it read by the

BUSINESS.

OFFICE OF THE TIMES.

LOS ANGELES, Aug. 21.—Bread
The weather is favorable to trade, and
the week opened today with good pros-
pects.

The Mark Lane Express of London says:
Five million quarters out of an estimated
total of 15,600,000 quarters of British
wheat have been garnered. The remain-
ing 2,000,000 quarters will be above the
average quality. The millers will endeavor
to buy up the bulk of the crop at from 25s.
to 26s per quarter, but if the owners hold
out they will be forced to pay more. The
value will almost certainly be the average
of the October value. American and In-
dian wheat is again lower. The large
American shipments are forcing the de-
cline."

The Liverpool receipts of wheat for the
week ending August 19th were 200,000
quarters; from Pacific ports, none;
from other sources, 33,000 quarters. The
receipts of corn for the past week are
from Atlantic ports, 23,000 quarters.

NEW YORK STOCKS.

NEW YORK, Aug. 21.—The tendency of
affairs at the Stock Exchange today was in
the direction of improvement. The only
stock which at any time showed an impor-
tant decline from Saturday's closing was
General Electric, which yielded 2½ to 36
points right at the start under the bear at-
tack. The market was a quiet one, and
5½ per cent. Speculation slightly gained
strength under the influence of advice
from Washington favoring the repeal of the
Sherman silver law. The continued ar-

left off strong in tone.

THE PAPERS FILED.

The County Must Have the Money.

Suit Commenced on Treasurer Shorb's Bond.

Third Trial of the Notorious "Mac," Billy Young.

Lulu Dorman Tells Her Story Without Variation—Additional Testimony Expected for the Prosecution—Court Notes.

According to schedule, the complaint in the action of the people against County Treasurer Shorb and his bondsmen, to compel the defendants to make good the deficiency in the treasury due to the failure of the City Bank, was filed last yesterday afternoon by the District Attorney.

It was surmised that the matter would be settled without resort to a civil suit, but no marked indications in that direction were manifest up to the time of the filing of the document referred to.

In substance the complaint is as follows:

"The people of the State of California vs. J. de Barth Shorb, Herman W. Helman, John E. Plater, Robert S. Baker, J. H. Braly, S. H. Mott, George H. Bonebrake, F. C. Howes, Warren Gillean, L. N. Breed, D. O. Millmore, R. M. Widney, R. G. Lunt, J. J. Schaller, A. D. Childress, G. W. Hughes, J. M. Witmer, J. M. C. Marble, John Bryant, Sr., J. Woodlacott, F. Q. Story, Andrew Glasell, John S. Park.

Now comes the plaintiff in the above entitled action and complains: "First—That at all of the times herein mentioned the county of Los Angeles was a body corporate and politic within the State of California; that one of the defendants above named, to wit, J. de Barth Shorb, was, at a general election held on the 2d day of November, 1892, elected to the office of Treasurer in and for the said county of Los Angeles, to hold said office for the term of two years from and after the first Monday after the first day of January, thence next ensuing.

"Second—That thereafter, to-wit, on December 5, 1892, said defendant Shorb, as such Treasurer, and as principal, did duly execute and deliver to the people of California, in official bond, as such Treasurer in the penal sum of \$150,000, and that said defendants, other than said Shorb, as co-defendants, upon said bond, did all and each duly execute said bond as such, a true copy of which bond was executed as aforesaid and is hereto attached.

"Third—That afterward, to-wit, on the 5th day of December, 1892, said bond and such sureties were duly approved by Walter Van Dyke, J. W. McKinley, Lucien Shaw, W. H. Clark, W. P. Wade and B. N. Smith, each and all of whom were then and there superior judges, and all of the Superior Court of said county of Los Angeles, and such approval was then and there duly indorsed upon said bond and signed by said judges, and duly filed with the County Clerk of said county of Los Angeles, and was, as so executed and approved and filed, recorded on December 17, 1892, in the office of the Recorder of said county, and the bond has ever since been on file and kept in the office of the Clerk of said county.

"Fourth—That on the 5th day of December, 1892, the said J. de Barth Shorb, defendant, duly took and filed with the County Clerk of said county of Los Angeles, a cash of office as Treasurer of said county, and afterward, to-wit, on the 24 day of January, 1893, said J. de Barth Shorb duly entered upon and assumed the duties of said office of Treasurer of said county, and ever since, and at all of the times herein mentioned, has been, and now is, the duly elected, qualified and acting Treasurer of Los Angeles county.

"Fifth—That at all of the times herein mentioned the said Shorb, as Treasurer, and now is, a corporation, organized under the laws of the State of California, for the purpose of transacting a general banking business, and has transacted such business in said county of Los Angeles.

"Sixth—That between the 24 day of January, 1893, and the 17th day of June, 1893, there were received by and came into possession and custody of said defendant, Shorb, as such Treasurer, large sums of public money belonging to said county of Los Angeles; that between the 1st day of February, 1893, and the 17th day of June, 1893, said defendant, Shorb, as County Treasurer, caused to be made deposits of said public money of said county, so received by him as aforesaid, and in his custody as such Treasurer, in said City Bank, to the amount of \$38,650; that of said amount so deposited there was withdrawn from said bank, by the defendant, Shorb, to the sum of \$28,210; that said bank used the said money of said county, so deposited as aforesaid, in general business of said bank; that on or about the 20th day of June, 1893, said City Bank became insolvent, suspended payment, closed its doors, and has not since resumed business; that there has been paid to said

Treasurer since the 17th day of June, 1893, of said money so deposited by said defendant, Shorb, as County Treasurer as aforesaid, the sum of \$52,910 and no more, leaving unpaid of said money so deposited the sum of \$22,910.99; that on account of said insolvency and failure of said bank on June 20, 1893, said bank became and was unable to pay the said Treasurer said sum last aforesaid, or any part thereof, and has ever since failed and refused to pay the same or any part thereof, and no part of said sum has been returned to the treasury of said county, or to said Treasurer; that by reason of the acts of said Shorb as such Treasurer aforesaid in so depositing said public money in said bank as aforesaid, there is a shortage or deficiency in the public funds of said county so received by said Shorb as such Treasurer of said sum of \$22,910.99; that said sum last aforesaid was not paid out or disbursed by said Treasurer according to law and has been lost to said county in the manner aforesaid; that on or about the 6th day of July, 1893, said county made demand on said Treasurer to pay into the treasury of said county the said sum of \$22,910.99, and said Treasurer then and there failed and refused, and ever since has failed and refused to pay said sum, or any part thereof.

"Seventh—That by reason of the acts of said Treasurer as aforesaid, and because of the failure of said Shorb to well and faithfully perform all official duties required of him by law, and to well and faithfully execute and perform all duties of such office of Treasurer required by law to be enacted, subsequently to the receipt of said sum of \$22,910.99, the said Shorb, as principal upon said bond, and co-defendants of said Shorb, as sureties thereon, have become liable upon said bond, and are indebted to said plaintiff in the sum of \$22,910.99. Neither of said defendants have at any time been released from said bond, and said breaches of the conditions thereof were committed while said bond was in full force, and during the term of office of said Shorb as Treasurer.

"Therefore, plaintiff asks judgment against said defendants for the said sum of \$22,910.99 with interest, and that such judgment be recovered against said defendants respectively for such sums and in such proportions as they may be liable therefor, and that plaintiff recover its costs, and for such other relief as may be just."

The third and probably last trial of the "mac" Billy Young, charged with the murder of Irene O'Brien, was begun yesterday in Department One. The defendant appeared with his counsel, R. A. Ling, Esq., and Zue G. Peck, Esq., and Assistant District Attorney Dupuy conducted the prosecution, as in the case of the preceding trials. Whether or not the much-wanted conclusive link in the evidence for the people will be developed as is anticipated by the prosecution, but one thing has already become apparent, and that is that the prosecution will not fall one whit short of the mark in the other trials so far as a strong case goes. Consequently another disagreement in the jury seems for the most favorable result looked for by the defense.

The Dorman girl has left off using morphine excessively since her stay at the County Hospital, and presented a much-improved appearance. Her testimony was given with an unvarying firmness as to details, and cross-examination did not cause her or raise a contradictory doubt.

At 10 o'clock this morning the cause will be resumed.

YAKT BENTONED.

W. T. Yant, the man who robbed the house of Mrs. Murphy on New High street, some weeks ago, appeared yesterday morning in Department One for sentence. Before the commitment was ordered, R. W. Ready, counsel for defendant, moved that the verdict of guilty be set aside and a new trial granted on the grounds that the court misdirected the jury in the matters of law, and that the verdict was not in accordance with the law and evidence. The court overruled the motion, and ordered that the defendant be committed to the State prison at San Quentin for a period of five years.

REAM VS. OSBORNE.

Hearing in the damage suit of Ream vs. Osborne was resumed yesterday in Department Six, the testimony on both sides being all in at the time of closing of court last evening. Dr. H. W. Westlake and Dr. Powers gave evidence in conclusion for the plaintiff, when the case for the latter was rested. The defense then put on the stand Dr. C. F. Gillingham, F. W. Putnam, O. S. Miller and several others to establish their side. The case will go to the jury this morning.

WARREN WILSON'S LOAN.

A decision was yesterday handed down by Judge Ross in the Circuit Court in the case of Frederick N. Paul, receiver of the California National Bank of San Diego, vs. Warren Wilson. The suit was for the payment of a promissory note, dated \$39,306.50, with interest, payable three months after date. The note on which suit was entered was a renewal of the original note, which remained unpaid. As collateral for the first note there was given to the bank a piece of real estate, signed by party named Smith, to which was annexed as security a certificate in Smith's name for 220 shares of stock of the San Diego Company. The collateral continued as security for the note sued on.

It was contended by the defendant that certain transactions were in character with respect to the collateral security which amounted in law to a conver-

sion on the part of the bank. These 220 shares of stock were claimed to be worth \$40 per share, and to this extent the defense claimed the note should be credited.

It seems that the officers of the bank became dissatisfied with Smith, and it was mutually agreed by all the parties interested that the 220 shares of San stock should be sold. Purchasers were found in the persons of L. A. Wright and A. H. Isham, who, however, did not pay the cash, but gave therefor notes for the respective amounts and signed by themselves, payable to the California National Bank.

The note of Smith was thereupon surrendered by the bank to Wilson and by him returned to Smith.

Defendant's attorneys therefore claimed that the bank had, in the shape of the Isham and Wright notes, received the benefit of the 220 shares of San stock at \$40 per share, and that the amount, \$8,800, should be deducted from the amount due on the Wilson note. The findings and judgment of the court were in accordance with these facts. Mr. Wilson will now have to pay Receiver Paul the sum of \$8,800, together with whatever interest is due on the note sued on.

Court Notes.

The robbery cases in which John Carr and John Bray appear as defendants, were set for trial yesterday by Judge Smith for September 27 and 28 respectively. The trial of the bicycle thief, Edward Belmont, was also set for October 13 in the same court.

On motion of the District Attorney, made on the grounds that the evidence did not warrant a conviction, the appeal case of Peck vs. Stefano Zuretta, in Department One, was yesterday ordered dismissed and the defendant discharged. Zuretta was accused of making an assault upon the person of a man with whom he had quarreled.

Al Hing, convicted of petty larceny with a prior charge, was sentenced yesterday to serve one year in San Quentin by Judge Smith.

A motion to set aside an order heretofore made in the case of Whigham vs. Barclay et al., appointing a receiver thereof, was made yesterday and submitted in Department Six.

Judge Smith yesterday afternoon admitted J. Flournoy to practice in the superior court of this county, and made Alfred Roeder, a native of Germany, a full-fledged citizen by administering the appropriate oaths.

In Sunday's issue of The Times a note was inserted to the effect that Richard Hayman was refused admission to practice by Judge McKinley on the grounds of lack of knowledge of law. The statement was in error in that Mr. Hayman was not examined by the judge, but simply referred to the regular committee.

The case of Dubourden vs. Marteen, a suit for rent, was on trial yesterday in the Township Court.

In the matter of the insolvency petition regarding the City Bank, Judge McKinley ordered yesterday that the case be transferred to Department Five for future hearing.

O. Hansen, the former proprietor of the Collateral Bank, a loan shop on Main street, was taken before Judge Van Dyke and a lunacy commission for examination as to his sanity. The man seemed to have recovered from the strange mood in which he was when arrested on Sunday, and the physicians decided that he could be released with safety.

New Suits.

Preliminary papers in the following new suits were filed with the County Clerk yesterday:

People vs. J. de Barth Shorb et al.; suit for recovery of \$22,910.99 on official bond.

Black Hills National Bank vs. Everett E. Hall; suit on promissory note for \$279 with interest and costs.

People Loan Company vs. Henry G. Hall; suit for \$500 due on overdraft.

Cecilia A. White vs. Edmund C. Glidden et al.; suit on foreclosure of mortgage for \$45.59.

Alice Cochran vs. Inez Carpenter et al.; suit on foreclosure of mortgage for \$342.

Petty Offenders.

Mathew Curry was before Justice Seaman on a charge of battery yesterday. He was held for the Superior Court with bail fixed at \$5000.

The case of petty larceny against Louis Carlisle was dismissed.

Thomas Swift was the only one brought to the County Jail from out of town yesterday. He was escorted in by Constable Dexter from Santa Monica and was lodged for twenty days for vagrancy.

Southern California at the Fair—A Suggestion as to the Peripatetic Plan.

Frank Wiggins, who has charge of the Southern California exhibit at the World's Fair, writes as follows to a gentleman in this city:

"I am confident that if Southern California would put an exhibit on wheels at the close of the fair and keep it going for twelve months she would get more benefit than she would from a dozen winter fairs. She has taken the lead and is thoroughly advertised by those who have been here. To send her products through the States, enabling those who were prevented from visiting the fair an opportunity to gaze on her productions and be convinced that the wonderful stories told by their neighbors are true, would in time result in untold benefits. We are entertaining more people in our building than they are in all the other State buildings put together, and all we ask for our people there to supply us with fresh material in the way of fall corn, big pumpkins, melons, etc.

"It is my desire to keep up the citrus display until the 1st of November, and I hope you will aid me in the matter as much as possible by advocating the selection of the most highly rated varieties of oranges and forwarding them here for placing in cold storage. I am very certain of being able to keep our forms covered. I know there will be people who will say that it cannot be done, but these are people told me that it could not be done after the last of May. Here it is the middle of August, and 100,000 people gaze on our orange tower and bell dairy.

"I enclose a half-tone photo of our walnut tower and orange globe. The other features you have already been supplied with. I will also send, in a day or two, to The Times, a large-sized photo of each of the special features in the Southern California display. You will then have an opportunity of seeing how we appear on dress parade. It is the desire of the commission to make the 9th of September one of the leading days of the fair. To that end they have suggested that each county prepare a float upon which will be placed exhibits representing their leading industries. What the outcome will be I can't say, but the matter is being vigorously discussed. It is also the intention to distribute fruits and nuts from each float as they pass through the crowd. If the programme is carried out, no doubt the exposition will reap immense rewards, as a free lunch always draws a crowd."

THE CHRISTIANS.

Closing Sessions of the Convention at Long Beach.

The convention of Christian churches of Southern California closed their annual session Sunday night. The unusually large audiences, able addresses and deep interest continued to the close.

The annual election of officers resulted in choosing T. D. Garvin as president, F. M. Downing, vice-president; J. W. Uter secretary; H. H. Adams, treasurer.

The Committee on Resolutions reported as follows:

Whereas, through the providence of our Divine Father, we have enjoyed His watchful care during another year and have been permitted to meet at the seaside and hold sweet counsel together; and

Whereas, we recognize in this the largest attendance and most enthusiastic meeting we have ever held in Southern California;

Resolved, that, first of all, we return thanks to our kind Father for preservation of life, beautiful harvests, a joyous and profitable convention, and that we unitedly, fervently pray for His special protection and direction during the year's work upon which we are soon to enter.

Whereas, our music has been so enjoyable, and due in part to our efficient leader, Brother S. D. Colver;

Resolved, that we return our thanks to him, not for the melody alone, but that he has made our song service purely a part of the worship.

Resolved, that we tender our sincere thanks to Sister Blanche Allen, who has so skillfully presided at the altar, and who has always been so devoutly prompt in her attendance and work.

Resolved, that we, as a brotherhood, are unchangeably opposed to the manufacture, sale and use of intoxicating liquors as a beverage.

Resolved, that we offer our sincere thanks to the citizens of Long Beach for their courteous treatment, which has made our sojourn by the sea so pleasant, and for their voluntary and very liberal contribution to help defray the expenses of our convention.

Resolved, that we adjourn to meet at Long Beach in August, 1894.

LAWN TENNIS.

Opening of Santa Monica Tournament.

A Number of Crack Players Participate.

Several Promising New Men Make Their Debut.

Preliminary Rounds of the All-comers' Singles—Result of the First Day's Contests—Those Who Were Present.

Lawn tennis is now all the fashion in Santa Monica. The eighth annual mid-summer tournament of the Southern California Lawn Tennis Association commenced there yesterday morning.

There is never so much interest in the preliminary plays as in the finals, and, of course, yesterday the crowd was not at the casino that may be expected there during the finals of the all-comers' singles and the other events on the programme.

Last year there was a great deal of enthusiasm worked up at the mid-summer tournament, and it is expected that in a day or two the interest of a year ago will become revived, and that the tournament will wind up in a blaze of enthusiasm for the exciting game.

There are a number of good players in the tournament, among them being Stetson, the Carters, Lester, Chase brothers, Alexander, Young, Roche, Cosby and Joseph L. Dally of San Francisco, the professional expert, will be here today or tomorrow, remaining through to the close of the tournament. Some clever playing and brilliant exhibitions may be expected from this gentleman.

Yesterday was devoted to the all-comers' singles. In this event there were twenty-three entries, some of whom are crack players. Much to the disappointment of lovers of the sport, the preliminary rounds of the sport were not on hand. Out of the twenty-three who entered there are several new players, among them being Messrs. Freeman, Hoye, White and others. Besides these most all of the old-timers were on hand.

At the start, in the morning, those fortunate enough to draw byes were L. N. Chase, Cosby, Bettner, Routh, Picher, Young, K. Carter, Rowan and Lester.

Great interest was centered in the preliminary round, the competitors being M. A. Chase vs. Maud, Warring vs. Hoye, Roche vs. Frick, Stetson vs. White, Lillington vs. Acker, McGilvray vs. Alexander, and Freeman vs. F. Carter.

In the preliminary round M. A. Chase beat Maud, score 6-0, 6-1; Warring score 6-2, 6-2; Frick succumbed to Roche, 6-2, 6-3; Stetson vs. Hoye the latter defaulted, and in Acker vs. Lillington, Acker won by default.

Lillington, Alexander beat McGilvray, score 6-3, 6-2, and Freeman was defeated by F. Carter by a score of 4-6, 6-1, 6-2.

While Freeman was defeated, he really showed up many local utilities, and is bound to make a good player.

In the first round Routh beat Bellan by default, and Cosby was defeated by L. W. Chase; score 6-0, 6-4. Stetson beat Roche; score 6-0, 7-5.

In the first round of the all-comers' singles Chase beat Warring, 6-1, 6-4; F. Carter beat Picher, 3-6, 6-3, 6-2, 6-1; Lester beat Rowan, 6-1, 6-4.

In the second round Lester beat Young, 6-2, 6-6, 6-3.

It is expected, and the expectation is almost a certainty, that the finals of the all-comers' singles will be reached this afternoon.

Among those who witnessed yesterday's playing were Mr. and Mrs. M. S. Severin, Mr. and Mrs. B. Bettner, Juan Bandino, Mr. and Mrs. E. A. Preuss, Mrs. Seymour Locke, Miss Grace Whitmore, Mr. and Mrs. F. G. Ryan, the Misses Bradbury, Miss Carrie and Julia Winston, Mrs. F. A. Teale, Miss Lora de Italy Berry will sing, and there will also be instrumental music. The proceeds are to be devoted to the benefit of the polo club.

NOTES.

The court presented an animated appearance, the attendance being unusually large for the first day.

Stetson, the prominent San Francisco player, arrived at 2 o'clock, and played in remarkably good form. The knowing ones claim he will give Carter a close rub for the championship.

There are twenty-three entries in the all-comers' singles.

Today the greatest match of the tournament will be played between Stetson and M. A. Chase and the finals in all-comers' singles, the winner of which will play R. H. Carter, the champion, on Thursday probably.

The Police Commissioners.

The Police Commission will meet this morning. It is expected that the date at which the new rules in reference to saloons will go into effect will today be fixed at September 1. Although Commissioner Weiden and the Mayor may vote against any such measure, yet it is thought that Commissioners Bradish, Roseyshell and Tutts will follow up their action of one week ago, and by their votes cause the new rules to become operative on the first day of the coming month.

Much interest is centered in the action of the board, as it is stated that at least one of the commissioners has advised the saloon men to pay no attention to the new rules, as they will not be enforced.

To Open Up the Old Ditch.

Two of the employees of the City Engineer's office will go up the San Fernando Valley this morning for the purpose of running levels on the short piece of ditch connecting the Citizens' Water Company ditch with the point in the river near the further boundary of the Los Feliz ranch, where the dam was formerly located. This is done for the purpose of ascertaining whether the scheme to supply the ditch from the river at that point is a feasible one.

STAMPING and pinning done at short notice. Buttonholes and tailor buttons made to order. Zinnamou's, No. 125 South Broadway.

ABSOLUTELY PURE

[Social Record.] IN SOCIAL SPHERES.

The Los Angeles Herald of yesterday (Monday) says: "A lady in the west end of town has some servants who are greatly attached to her, and to whom she extends many considerations. Recently her colored maid, named Sarah, was given permission to give a visit to her friends, and all of the guests enjoyed themselves greatly. A full account of the event was published yesterday by the enterprising 'society' editor of the Times social column, with the names of all the guests, one of whom was mentioned as a relative of the lady in question."

As the "society" editor of the social column of the Times makes an especial point, as far as practicable, of attending all entertainments, interviewing those giving them, or requiring responsible vouchers for the same, the above quoted paragraph is slightly astonishing. As in this instance she has some personal knowledge of each and every one mentioned in the social column of the Times' issue of Sunday, August 20, as having entertained, and as she has discovered nothing remarkable about the color of any of them or their guests, she requests the accusing editor-in-chief of the Herald to state the residence and names of parties to whom such reference was made, and also what was the color to which offense has been taken.

In this connection it may be well to add that no color line has as yet been drawn by the Times, and if any lady having servants—no matter of what color—of whom she is fond and to whom she wishes to extend considerations and open her home for their entertainment, thereby making it a social event, desires to give a party in their honor, the society editor will not object to personally informing herself of the same and reporting it fairly.

NOTES AND PERSONALS.

Mrs. and Miss Carr, with their friend, Miss Swift, have returned home from a three weeks' outing at Long Beach.

Miss Hannah Anderson of Portland, Or., is visiting her friend, Miss Alice Swanford, on Boyle Heights.

Mrs. S. E. Maynard and daughter Frances left last evening for a trip via the Denver and Rio Grande to Chicago and other Eastern points.

Mrs. J. C. Platt and daughters, Mrs. T. McGinn and Miss G. R. Platt, in company with Mrs. C. H. Platt, leave tomorrow for Santa Barbara to visit friends. They will continue on to the World's Fair.

Miss J. Dryden, principal of the Vernon school, Miss J. M. Dryden and C. E. Dryden have returned from a pleasant visit to the World's Fair, New York and the St. Lawrence.

Miss Leoti Sweesy of San Bernardino, who has been visiting the Misses Gird of this city, returned home a few days ago.

Mrs. E. C. Gird and daughter Mabel leave this morning for a two months' trip to Missouri and other Eastern States.

A Sensation Brewing.

There is quite a sensation brewing in the southern part of the city. It seems that a certain insurance agent has recently suspected his wife of undue familiarity with a young Main street clerk and recently discovered the two taking an evening stroll in a nearby park. There was quite a scene, but the matter has been kept very quiet on account of the lady's family. Friends have interceded and warned the lady that she must not aggravate her husband too much, otherwise their four-year-old child, to which she is very much attached, is liable to be taken from her in a divorce suit and given over to the custody of her husband. Those who know the circumstances are very reticent and will not give any information.

BROWN'S PLACE.

San Pedro Will Protest Against It Being Licensed.

A notorious character of San Pedro, rejoicing in the substantial cognomen of Brown, but known throughout the county as "Nigger" Brown, has placed an application before the Board of Supervisors for a saloon license.

This fact has stirred San Pedro from center to tide water, that little city of a hundred battles. A vigorous protest will be made by citizens of the district, though it was not generally known until last week that he had made application for a license. Last fall the town trustees passed a stringent ordinance against the licensing of saloons in connection with dance houses. After being arrested twice for selling liquor without a license, he was forced to move one of the lowest dens of prostitution in the county from the vicinity of the public schools. But his swarm has settled again in the town just outside the town limits, on the beautiful beach road leading to Wilmington and Long Beach. No insecurity has ever been felt by women or children when driving to or from San Pedro over this highway, but waterfamilies think this will all be changed if Brown secures a license.

A small number of business men rather favored his starting up outside the town limits, hoping to be rid of him. The running of a free bus to his place, filled with half-drunken men and lewd women, and being driven through the residence part of the town, and other disgraceful acts recently enacted, has convinced the people that the Mojave Desert is too close a limit for a place of that character.

CITY BANK AFFAIRS.

Talk of the Resignation of the Receiver and His Assistant.

A rumor was current yesterday that Receiver Brodbeck and Attorney Burnett of the defunct City Bank were both tired of the animadversions to which they have been subjected recently and were on the point of resigning their positions. It was given out that both of the gentlemen had so informed Mr. Jones, and that they were only awaiting the return of Judge Shaw to put their intentions into effect.

Receiver Brodbeck was seen by a Times reporter yesterday afternoon, at his new office in the Citizens' Bank, and questioned regarding the matter. He admitted that Mr. Burnett had expressed a desire to be relieved of his present responsibility, but so far had taken no real steps that would warrant the spreading of such a report. As for himself, Mr. Brodbeck said he would finally decide next Friday, when the City Bank matter comes before Judge Shaw. Mr. Brodbeck said he was a business man himself, and desired to close up the affairs of the suspended institution as early as possible, so that he could go back to his own neglected business.

However, some people seemed to think that he desired to hold on as long as possible, and was not pushing matters with as much facility as he ought. To such it was, perhaps, necessary to say that the receiver is under the orders of the court, and cannot act any faster than he is allowed to. Otherwise, it seems, there is no reason to complain, as the expensive quarters have been leased to another party, and the receiver now occupies a much more economical office, and the auction sale of fixtures will take place today, by which Mr. Brodbeck hopes to realize quite a large amount of money.
